About Us

Company Introduction:

PISHRO AMVAJ ASIA CO stands as a preeminent and vertically-integrated force within the Iranian agricultural export sector. Our foundational expertise resides in a robust, meticulously managed, and expansive supply chain capability, enabling us to be a guarantor of consistent, high-volume, and superior-quality provisions. We specialize in the sourcing, processing, and worldwide distribution of Iran's most coveted agricultural bounty, encompassing both fresh and dried categories, all preserved in their most authentic and unadulterated state

Commitment to Purity and Partnership

At PISHRO AMVAJ ASIA CO, our philosophy is anchored in the principle of natural purity. We serve as the vital link that connects the fertile soils of Iran to global markets, empowering our international partners—be they wholesalers, retailers, or food manufacturers—with a reliable, premium, and ethically sourced supply. We invite you to engage with a supplier whose capability is not merely a function, but a guarantee.

About Us

Global Export & Logistics Excellence

Our operational proficiency extends seamlessly across international borders. We possess comprehensive expertise in:

Export Compliance & Documentation: Meticulous handling of all phytosanitary certifications, certificates of origin, and adherence to the diverse regulatory frameworks of target markets.

Advanced Packaging Solutions: Utilizing Modified Atmosphere Packaging (MAP) and other technologies to maximize shelf-life and preserve product integrity during protracted transit.

Strategic Logistics Partnerships: Leveraging established relationships with major shipping lines and freight forwarders to ensure cost-effective, timely, and secure delivery to ports and distribution hubs worldwide.
